BKBM was voted Best Engineering Firm of 2019 in the annual Twin Cities Business Best of Business poll. TCB called BKBM “an integral team player . . . on complex structural, civil, and restoration engineering projects across the Midwest” and credited the firm with handling “the evolving challenges of design, build, and renovation with creativity and responsiveness.”

## ~~Shiling Pei—Civil and Environmental Engineering~~

Steel Structures. Steel structures is a very important subject for undergraduate civil engineers. Steel is an alloy of carbon and iron. It used in construction and other applications because of its Hardness and tensile strength. Due to the tensile strength of steel, it is added in concrete otherwise concrete is very much powerful in compression.
