In Every Patient Tells a Story, Dr. Sanders chronicles the real-life drama of doctors solving these difficult medical mysteries that not only illustrate the art and science of diagnosis, but often save the patients' lives.

Every Patient Tells A Story: Chapter 1 - Jonna's BioBlog ...

Sanders tells the story of one patient who was feverish and clearly suffering from a severe infection, yet massive intravenous antibiotics weren't helping. A doctor noticed that one of the patient's toes looked gangrenous. When it was amputated, the infection vanished. Patients and doctors yearn intensely for a diagnosis—so intensely....

Every Patient Tells A Story

" Every Patient Tells a Story is a must-read for anyone who has ever been a patient or is a doctor. Written by a physician I respect and a writer I love, the book is filled with intriguing diagnostic dilemmas that will draw you in, and with human stories that will linger in your mind—and heart—long after you are done."

Isabel Healthcare | Differential Diagnosis Tool

The title, Every Patient Tells a Story, says exactly what she means. Doctors need to listen to what the patient has to say. Again and again, the trail of clues—even to the most obscure and unlikely diagnosis—starts there. This is the most interesting book I have read in years.

Every Patient Tells a Story: Medical Mysteries and the Art ...

Lisa Sanders, M.D., is an internist on the faculty of the Yale University School of Medicine. She writes the monthly column Diagnosis for The New York Times Magazine, is the author of Every Patient Tells a Story: Medical Mysteries and the Art of Diagnosis, and served as a technical advisor on Fox TV's House, M.D. She lives in New Haven, Connecticut.
