Thompson says it's "strategically sound" for leaders to define a set of values that they and their organizations will live by because values give an organization the ability to recruit, retain, and inspire staff to find waste and solve problems, which, in turn, helps the organization grow.

### Podcast Ep. 20: Dr. Jeff Thompson on Values-Based ...

When you change your values list and consciously act on it, you change your behavior and therefore your results. And this can lead to incredible new experiences. For example, if your top value is health, and you're already in outstanding physical condition, what would happen if you changed your top value to wealth?

### How to Lead with Values - Lean Manufacturing

Aristotle is attributed to have said, "Courage is the first of human virtues because it makes all others possible." Courage isn't the absence of fear, it just means fear doesn't get to make the choice. Having courage is a great start....without courage so little will move forward. But discipline gives courage legs.
