Ridgid designed a low-profile battery for the R84040, but it accepts any 18-volt Ridgid battery. The dispenser ships with one battery, which worried me, but the company says you can run 250 30-ounce tubes on one charge. With one tube gluing about four sheets of plywood, that means the R84040 squeezes enough glue in one charge for 1,000 sheets.
