TaylorMade R1 Loft Settings. Many club experts say that the best way to set up your R1 is to first adjust the loft then work on the other settings. But the fact of the matter is that the loft of this driver affects the face angle. You're going to have to address both at once. Adjusting the loft from 8 degrees to 12 degrees is possible.

I asked our pro to order the M2 with the same shaft specs as my r11s. I now have the M2 aldila rogue 110 msi 70-2.8-x. My r11s is 9 degees set to standard loft i have the heavy 10 gram weight in the toe 1 g in the heel and have it set to open. To get my M2 tuned so far I have gone 4 clicks lower to get the ball flying the best.
